

## **Paseo Del Mar – City of Los Angeles Update as of November 10, 2011**

1. The orange mesh presently following the trail will be supplemented with a chain link fence to prevent access to areas with large, deep cracks and crevices.
2. The street furniture on the south side of Paseo Del Mar has been moved and city departments are reviewing potential relocation sites.
3. The City's Department of Water and Power has constructed additional sidewalks west of the power pole to ensure ADA compliance.
4. The City's Bureau of Engineering has submitted an application to the City Administrative Officer (CAO) requesting funding for a geotechnical consultant to perform a comprehensive study of the Paseo Del Mar and the surrounding area. Staff from the Mayor's Office and Council District 15 is assisting BOE in expediting the funding request.
