

UPCOMING VIRTUAL WEBINAR

Coastline Drive Waterline Improvements

Los Angeles County Public Works is committed to fostering vibrant and resilient communities and supporting community wellness by providing reliable, high-quality water to Los Angeles County Waterworks Districts customers. As part of this commitment, Public Works water main replacement project construction in your neighborhood is scheduled to begin construction in February 2025.

The Coastline Drive Waterline project consists of replacing approximately 2,000 feet of an aging water main along Coastline Drive between Pacific Coast Highway and Castlerock Road, located in the Sunset Mesa community. The new water main will reduce the risk of leaks and improve water supply reliability for the community.

For more information and to address any of your concerns, we invite you to attend a virtual community meeting scheduled for **October 16, 2024, 6:00 – 7:00PM**. To attend the scheduled virtual meeting on your mobile device or a computer, please click on the link below:
