County offices recycle, non-governmental offices use free-market service providers for their recycling programs.	Existing activities include a recovery program at the City yard, and recycling of foodwaste (lard into soap). Major retailers recycle OCC. Scrap metal dealers and paper brokers are active in the City.		The government sector has some recycling programs (City Hall program, Rapid Transit District), non-governmental offices use free-market service providers for their recycling programs.			Private enterprise recycles about 59.8% of generated waste, made possible by the predominance of the commercial and industrial sectors and extremely small residential population.		City offices recycle newspaper and aluminum cans, non-governmental offices use free-market service providers for their recycling programs.	Existing programs include a City office paper recycling program and residential backyard pick up of recyclables (from alleys.)	Private haulers engage in salvaging. Major businesses recycle OCC. Landscapers reuse yard trimmings.		Existing recycling programs for OCC, high-grade paper, ferrous metals and wood waste (page describing programs missing from SRRE)	City offices recycle high-grade paper. Marantha High School recovers aluminum cans, non-governmental offices use free-market service providers for their recycling programs.	Existing programs include multi-family drop off zones, recycling programs at City offices and Santa Monica Community College, City glass collection at 10 bars/restaurants, Christmas tree collection, City leases land to a concrete/asphalt recycling facility.	Haulers deliver woodwaste to cogeneration facilities. Major businesses recycle OCC, purchase scrap materials from sources within City limits for manufacturing.		Comments

Selected programs include at-source separation and collection, and encouragement of private haulers to use the CSD greenwaste landfill cover project.	A selected program is participation in the CSD greenwaste landful cover project.		Selected programs include City collection of recyclables except for 10% of the City was most recently annexed, and public schools recycling of mixed paper.	Recycling policy for voluntary program requiring reporting of types and quantities of recycled materials, City recycling fees collected to pay for monitoring program.	Selected programs include at-source separation, collection and processing for nonresidential sectors, and participation in the CSD greenwaste landfill cover project.	Selected programs include at-source separation and collection of recyclables for ICI sectors, and encouragement of haulers to participate in the CSD greenwaste landfill cover project.	A selected program is recycling at City facilities.				City will establish source separated commercial paper recycling program, commingled collection of cans, bottles from restaurants.	Selected programs include participation in the CSD greenwaste landfill cover program.	Selected programs include participation in the CSD greenwaste landfill cover program, at-source separation and collection of recyclables for industrial and commercial sectors.	A selected program is at-source separation and collection of recyclables for ICI sectors		Selected programs include development of a business recycling route to collect recyclables, visits to large generators to suggest recycling opportunities, and a model City program.	Selected programs include designation of a City recycling coordinator and a school district recycling program.	City will consider manual or mechanized MRF, rail haul. City will encourage haulers to use CSD greenwaste landfill cover project.	Selected programs include a possible regional cooperative and private processing facility.	Selected programs include a possible regional processing center, and recycling of school district materials.	Selected programs include Christmas tree recycling, and development of an Intermediate Processing Center.

Selected programs include use of woodwastes for trail maintenance, support for market development, adoption of monitoring requirements or ordinances.	A selected program is City collection of recyclables for single-family dwellings.	Selected programs include an at-source separation and collection program for businesses, participation in CSD greenwaste landfill cover program.	Selected programs include landfill salvaging and waste audits.	Selected programs include an at-source separation and collection program for businesses, participation in CSD greenwaste landfill cover program, a curbside separation residential program.	Selected programs include a policy of woodwastes for trail maintenance, support for market development, adoption of monitoring requirements or ordinances.	Selected programs include a multi-family source separation and collection program, and commercial/industrial waste audits.	City will encourage haulers to use CSD greenwaste landfill cover project.	Selected programs include appointment of a City recycling Coordinator and staff.	Selected programs include a school district recycling program, appointment of a City recycling coordinator.	Selected programs include use of a variable rate or mandatory ordinance as participation incentive, required reporting from commercial establishments, creation of a Recycling Forum.	Selected programs include encouragement of at-source separation and collection, haulers to use CSD greenwaste landfill cover project.	Selected programs include an at-source separation and collection program, mandatory materials separation, participation in CSD greenwaste landfill cover project, financial incentives.	A selected program includes a recycling program in schools.	Selected programs include encouragement of at-source separation and collection, faulers to use CSD greenwaste landfill cover project. City will consider a manual or mechanized MRF.	Type of MRF not indicated, industry specific working groups, permits, codes and contracts may require recycling, waste exchanges, does not indicate if recycling programs mandatory for City departments, City facilities recycling program (if appropriate, they can participate in the residential curbside collection program), in order to receive City contracts vendors must have a recycling program.	A selected program includes a feasibility analysis and possible procurement of a MRF.	Selected programs include an at-source separation, processing, and collection program, mandatory materials separation, disposal bans, participation in CSD greenwaste landfill cover project, financial incentives.	Selected programs include an at-source separation, processing, and collection program, mandatory materials separation, disposal bans, participation in CSD greenwaste landfill cover project, financial incentives.	Selected programs include a Christmas tree recycling program, and the requirement of businesses to submit SRR plans and annual diversion reports.		Comments

City Name	Marketing Strategies by Component
Agoura Hills	R: City procurement policy (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, aluminum cans, tin cans, white goods, yard waste, food waste, wood, C&D debris) C: Responsibility of contracted composting facility, City will purchase composted materials Use of material on public lands (parks, schools) (Targeted materials: yard waste, manure, Christmas trees)
Alhambra	SW: City purchase of retreaded tires; Brown and White Goods: Responsibility of charitable organizations and thrift shops (Targeted materials: white goods, tires, C&D debris) R: City will support development of markets through internal practices, City will attempt to secure market capability and enter into contract agreements (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, HDPE, PET, ferrous,
A MARKACA S	R (cont.): aluminum cans, tin cans)
	C: Landfill cover, City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Arcadia	R: Will develop policy of purchasing recycled materials (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans)
	C: SRRE does not state marketing strategies or end uses for targeted materials
	SW: Bulky items to Goodwill (Targeted materials: white goods, tires, bulky items, agricultural waste)
Artesia	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. and CSD landfill cover program (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, HDPE, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
,	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuses and repair of white goods by charities, thrift stores
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)
Avalon	R: Development and implementation of formal recycled product purchasing policy, dissemination of this information (Targeted materials: corrugated cardboard, high-grade paper, glass, PET, ferrous, non-ferrous, aluminum cans, white goods, wood)
	C: Will produce a high quality compost product in consistent quantities, will encourage new and existing uses for mulch (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Azusa	R: Technical assistance, encourage business purchases, City purchases recycled content policy, lobby for State procurement policies and standards, support State legislation for economic incentives to businesses that recycled content products
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans, wood)
	C: Landfill cover (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, yard waste, food waste)
	SW: City use of rubberized asphalt to create a market for scrap tires, education of public to encourage use of repaired white-goods, C&D permit includes project proponent securing a market for their material (Targeted materials: corrugated cardboard,
	SW (cont): ferrous non-ferrous white goods wood tires (&D) debris)

City Name	Marketing Strategies by Component
Baldwin Park	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, food waste, wood, tires, C&D debris, bimetal containers)
	C: Material to be used in CSD landfill project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials, continue to use street asphalt in new projects (Targeted materials: white goods, tires, C&D debris,
	SW (cont.): asphalt from street maintenance programs)
Bell	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. and CSD landfill cover program (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, combine ash with concrete to use as a road substrate
	SW (cont.): (Targeted materials: tires, C&D debris, medical wastes, ash)
Bellflower	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, work with potential buyers, yard waste to CSD alternative cover program or to major buyers, including United Pacific Corp.
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Retreaded tires marketed to tire distributors, used tires will provide material for tire-derived products, screened fines used as engineered fill, concrete used as road base, reheated asphalt to new asphalt mixes, salvaged steel sold as scrap
	SW (cont.): (Targeted materials: tires, C&D debris)
Bell Gardens	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to CSD cover project and United Pacific Corp. (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, wood, low density polyethylene)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Resell to tire distributors, provide raw material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes (Targeted materials: tires, C&D debris)
Beverly Hills	R: Adequate markets available (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, other plastics, ferrous, aluminum cans, white goods, C&D debris)
	C: Nurseries, wholesale container plant growers, ground maintenance personnel for public entities, horticulturists (Targeted materials: yard waste, food waste)
	SW: Adequate markets available (Targeted materials: white goods)
Bradbury	R: Local, regional, export markets (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, aluminum cans, tin cans, food waste, manure, bimetal cans, textiles)
	C: Landfill cover, public area cover, City residents, farmers, landscapers, nurseries, Fiber Fuel Products (Targeted materials: yard waste, wood, brush)
	SW: Charitable organizations, municipal contractors (Targeted materials: white goods, tires, C&D debris, bulky items)

City Name	Marketing Strategies by Component
Burbank	R: Paper to brokers, metals to scrap dealers, glass to CA redemption centers or glass benefication, white goods to scrap dealers, plastics to area processors, City procurement policy (Targeted materials: corrugated cardboard, newspapers,
	R (cont.): high-grade paper, glass, HDPE, PET, film, ferrous, aluminum cans, tin cans, bi-metal)
	C: Landfill cover, public area cover, landscapers, nurseries, private compost companies (Targeted materials: yard waste)
	SW: Reuse inerts in construction, reuse tires on City vehicles (Targeted materials: white goods, tires, C&D debris)
Calabasas	R: City procurement policy, lobby for State procurement guidelines, technical assistance to businesses for both purchasing and manufacturing, recycling market development zone, impose bans and fees
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans)
•••	C: City use, encourage landscaper use, encourage residential use, new construction mandated use, lobby State to encourage use by Central Valley farmers, lobby Federal Government to promote USDA supported tax incentives for organic farming
	C (cont.): (Targeted materials: mixed paper, yard waste, food waste)
	SW: Public sector use of tires through rubberized asphalt, education of residents to encourage increased reuse of white goods (Targeted materials: white goods, tires, C&D debris)
Carson	R: Procurement ordinance requiring use of recycled materials in construction projects (Targeted materials: corrugated materials, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, other plastics, ferrous, non-ferrous, aluminum cans, wood,
	R (cont.): tin cans, concrete)
	C: Kellogg Supply, Inc. has a long history of selling compost products, and is willing to accept green waste from Carson (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Cerritos	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, work with potential buyers, yard waste to CSD alternative cover program or to major buyers, including United Pacific Corp.,
***************************************	R (cont.): Wellman/CA CRINC (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, yard waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuses and repair of white goods by charities, thrift stores, ash as road subbase at Puente Hills Landfill, construction blocks
	SW (cont.): (Targeted materials: white goods, C&D debris)
City of Commerce	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, work with potential buyers, yard waste to CSD alternative cover program or to major buyers, including United Pacific Corp.
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste, food waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores (Targeted materials: white goods, tires, C&D debris, ash)
City of Industry	R: City will market targeted materials to various brokers or end users in the southern California region (Targeted materials: corrugated cardboard, mixed paper, glass, HDPE, PET, film, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood,
	R (cont.): tires, C&D debris, textiles, inert waste)
	C: Due to the limited quantity of yard waste generated within the jurisdiction, the City has not selected any alternative for the diversion or marketing of yard waste
	SW: Due to the limited quantity of special wastes generated within the jurisdiction, the City has not selected any alternative for the diversion or marketing of special wastes

City Name	Marketing Strategies by Component
Claremont	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, bimetal cans)
-	C: SRRE does not state marketing strategies or end uses for targeted materials SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
Compton	aper to mills and Pacific Rim, established glass and aluminum markets, tin cans
- 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1 - 1	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste, food waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)
Covina	R: Private sector and residential recycled content procurement policy resolution, lobby State to legislate statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET,
	R (cont.): other plastics, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, food waste, wood, tires)
	C: City purchase/use of compost, promotion to businesses and residents (Targeted materials: yard waste)
	SW: Foster the development of markets for used tires through education and promotion (Targeted materials: white goods, tires, C&D debris)
Cudahy	R: Paper to mills and Pacific Rim, market to established glass and aluminum markets, tin cans to Proler International, yard waste to CSD alternative cover program or to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)
Culver City	R: Recycling market development zone (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood,
	R (cont.): C&D debris, concrete, asphalt)
	C: Continue to utilize United Pacific Corp., develop a high grade product and provide samples to develop markets, approach Kellogg Supply, Inc., City procurement, use on degraded public land to reestablish vegetation
	C (cont.): (Targeted materials: yard waste, wood)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Diamond Bar	R: Financial incentives, public education (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood)
	C: Model procurement guidelines followed by mandatory procurement goals, yard waste disposal bans, taxes on virgin materials, financial incentives (Targeted materials: yard waste)
	SW: Work with area business and neighboring cities to develop local markets for special wastes (white goods), City procurement policies (retreaded tires) (Targeted materials: white goods, tires, C&D debris)

City Name	Marketing Strategies by Component
Downey	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to CSD and United Pacific Corp. (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): HDPE, other plastics, aluminum cans, tin cans, food waste, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses (Targeted materials: yard waste)
	SW: Resell to tire distributors, provide raw material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, white goods to charitable organizations or thrift stores
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)
Duarte	R: City policy to purchase goods with recycled content, education of business community to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass,
	R (cont.): HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, tires)
<u> </u>	C: City purchases, encourage the private sector to use composted products (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
El Monte	R: City policy to purchase goods with recycled content, education of business community to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass,
	R (cont.): HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, tires)
	C: City purchases, encourage the private sector to use composted products (Targeted materials: yard waste)
	SW: Tire distributors and markets, e.g., playground equipment, floor mats, reuse C&D in construction, white goods to charity, thrift shops, scrap dealers (Targeted materials: white goods, tires, C&D debris)
El Segundo	R: Tree Musketeers encourages businesses to carry secondary materials products and residents to purchase them, private sector procurement programs, public sector purchasing polices (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans, polystyrene)
	C: SRRE does not state marketing strategies or end uses for targeted materials
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Gardena	R: White paper to mills and Pacific Rim, glass and aluminum to established markets, tin cans to Proler International, closely monitor PET and HDPE for DuPont plant, yard waste to United Pacific Corp. and alternative daily landfill cover
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, tires, C&D debris)
	C: Municipal agencies, homeowners, landscapers, roadways, commercial horticulturists and agriculturists, companies, State and Federal agencies (Targeted materials: yard waste, wood)
	SW: Tire distributors and markets, e.g., playground equipment, floor mats, reuse C&D in construction, white goods to charity, thrift shops, scrap dealers (Targeted materials: white goods, tires, C&D debris)
Glendale	R: Area paper to mills, various manufacturers, toweling manufacturers, glass container producers, aluminum can sheet producers, steel makers, fiberfill and plastic container manufacturers (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, high-grade paper, glass, PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, white goods, wood, tires, C&D debris)
	C: Municipal, state consumers, firewood vendors, landfill cover, soil amendment (Targeted materials: yard waste)
	SW: Local markets, asphalt contractors, to landfills for road stabilizer, building materials companies (Targeted materials: C&D debris, asbestos)

City Name	Marketing Strategies by Component
Glendora	R: City policy to purchase goods with recycled content, education of business community to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass,
	C: City purchases, encourage the private sector to use composted products (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
Hawaiian Gardens	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. and CSD landfill cover program (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, glass, HDPE, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes (Targeted materials: white goods, tires, C&D debris)
Hawthorne	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products
	SW (cont.): (Targeted materials: white goods, tires, C&D debris).
Hermosa Beach	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant, lobby State
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products (Targeted materials: white goods, tires, C&D debris)
Hidden Hills	R: City does not participate in local market development, but will modify purchasing practices to promote recycled content materials (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, ferrous, aluminum cans)
	C: SRRE does not state marketing strategies or end uses for targeted materials
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Huntington Park	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. and CSD landfill cover program (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, food waste, wood, scrap metal)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)

City Name	Marketing Strategies by Component
Inglewood	R: City purchases of recycled goods, recycling market development zone (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans,
	R (cont.): white goods, yard waste, wood, C&D debris, asphalt, concrete, inerts)
	C: City procurement, encourage use by private sector, specifically cemeteries, United Foods already sells composted manure (Targeted materials: yard waste, straw, manure)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Irwindale	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, wood, tires, bimetal containers)
	C: Material to be used in CSD landfill project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
La Canada Flintridge	R: City has a policy of purchasing recycled materials for office purposes (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans, yard waste)
	C: City purchases for parks and greenspace, residential purchases, State agencies, garden supply retailers, CSD alternative daily cover program. (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
La Habra Heights	R: City policy to purchase goods with recycled content, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans)
	C: Material to be used in CSD landfill program (Targeted materials: yard waste)
	SW: City purchases of retreaded tires and rubberized asphalt, work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
Lakewood	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, high-grade paper, glass, PET, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, PVC)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products, ash from CSD SERRF for use in road subbase at
	SW (cont.): Puente Hills landfill (Targeted materials: white goods, tires, C&D debris)
La Mirada	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, work with potential buyers, yard waste to CSD alternative cover program or to major buyers, including United Pacific Corp.,
	R (cont.): monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, film, other plastics, aluminum cans, tin cans)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products (Targeted materials:
	SW (cont.): white goods, tires, C&D debris, ash)

City Name	Marketing Strategies by Component
Lancaster	R: City procurement policy (10% preference for recycled and/or encouragement of use), lobby State for procurement policies, support State legislation for private sector tax credit for recycled purchases, promotion through City resource center,
	R (cont.): consumer awareness campaign in coordination with local retailers, business and institutional awareness seminars, work with local industries to promote use of recycled materials in their manufacturing processes,
	R (cont.): recycling market development zone, fees or bans for selected products, grant program for development of recycling curriculum, grants program for non-profits to develop a "buy-recycled" campaign (Targeted materials: corrugated cardboard, R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, wood, C&D debris, bimetal cans, computer paper)
	C: City utilization/procurement program, implementation of mandated use through SB 1322, revegetation of degraded public land, encourage usage by local gardeners, landscapers and nurseries, promote residential use,
	C (cont.): require developers to use local compost during initial building stage, lobby for federal compost distribution program, lobby for federal tax incentives for organic farming, use as either daily or final landfill cover (Targeted materials:
	C (cont.): mixed paper, yard waste, food waste, wood, residual contaminated paper)
	SW: City procurement, remove institutional barriers regarding use of waste tires, assist the private sector to develop markets for recycled white goods (Targeted materials: white goods, tires, dead animals)
La Puente	R: City policy to purchase goods with recycled content, education of business community to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE,
	R (cont.): PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, tires, bimetal containers)
	C: Material to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
La Verne	R: City policy to purchase goods with recycled content, encourage businesses to buy recycled (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans,
	R (cont.): tin cans, yard waste, food waste, wood, tires, C&D debris, bimetal containers)
	C: Material to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
Lawndale	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, PET, aluminum cans, tin cans, food waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)
Lomita	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, glass, HDPE, PET, aluminum cans, tin cans, food waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)

City Name	Marketing Strategies by Component
Maywood	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass,
	R (cont.): HDPE, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste, food waste)
	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores
	SW (cont.): (Targeted materials: white goods, tires, C&D debris)
Monrovia	R: Open market approach in the short term, contracts that request secured market agreements in the medium term, will develop City purchasing policy (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET,
	R (cont.): ferrous, aluminum cans, tin cans, yard waste)
	C: Landfill cover, City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: Retreaded tires, rubberized asphalt (Targeted materials: white goods, tires, C&D debris)
Montebello	R: Investigation of markets, separation of materials at mixed waste processing facility, determine feasibility of regional marketing cooperative (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET,
	R (cont.): ferrous, aluminum cans, tin cans, yard waste)
	C: City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Monterey Park	R: Exploring procurement of recycled content materials, advertising retailers of recycled content goods, evaluation of markets, collection of additional materials (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper,
	R (cont.): glass, HDPE, PET, ferrous, aluminum cans, tin cans)
	C: Landfill cover, City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
Norwalk	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plastics plant, yard waste to CSD landfill cover and United Pacific Corp. (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses (Targeted materials: yard waste)
	SW: Resell to tire distributors, provide raw material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, white goods to charitable organizations (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)
Palmdale	R: Salvage companies, process manufacturers (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans, white goods, wood, C&D debris)
	C: Local governments, nurseries, farm suppliers, golf courses, cemeteries, waste treatment plants, schools (Targeted materials: newspaper, mixed paper, yard waste, food waste, sewage sludge)
	SW: Waste boiler facilities, agricultural applications, construction companies (Targeted materials: white goods, wood, tires, C&D debris)

City Name	Marketing Strategies by Component
Palos Verdes Estates	R: White paper to mills and Pacific Rim, possibly construction, glass and aluminum to establish markets, tin cans to Proler International, monitor DuPont plastics plant, yard waste to established markets and bridle paths/trail maintenance
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, other plastics, aluminum cans, tin cans, yard waste, wood, phone books)
	C: Specialized construction, topsoil additive for slope stabilization projects, schools, parks, use by public agencies, establish compost and soil amendment companies, consumers, agricultural commercial, landscapers, gardeners (Targeted
	C (cont.): materials: yard waste, wood)
	SW: Tire reuse by small businesses, consumers, the City (Targeted materials: tires, manure)
Paramount	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans, food waste, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores, tires to distributors, source of tire-derived products, ash as road subbase
	SW (cont.): (Targeted materials: white goods, tires, C&D debris, ash)
Pasadena	R: Adequate markets available (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, aluminum cans, tin cans, bimetal cans)
	C: Nurseries, ground maintenance personnel for public entities, Devil's Gate Multi-Use Project (Targeted materials: yard waste)
	SW: Unknown markets (Targeted materials: ferrous, non-ferrous, white goods, wood, tires, C&D debris, textiles, leather)
Pico Rivera	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. and CSD landfill cover project (Targeted materials: corrugated cardboard, newspaper,
	R (cont.): mixed paper, glass, HDPE, other plastics, aluminum cans, tin cans, food waste, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes (Targeted materials: white goods, tires, C&D debris)
Pomona	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, wood, tires, bimetal containers)
	C: Material to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
Rancho Palos Verdes	R: White paper to mills and Pacific Rim, glass and aluminum to established markets, tin cans to Proler International., closely monitor DuPont plastics plant, yard waste to established markets and bridle paths/trail maintenance
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, non-ferrous, aluminum cans, tin cans, yard waste, wood)
	C: Specialized construction, topsoil additive for slope stabilization projects, schools, parks, use by public agencies, establish compost and soil amendment companies (Targeted materials: yard waste, wood)
	SW: Tire reuse for consumers and City, manure to established fertilizer and mushroom farm, inerts to construction companies and cities for construction projects (Targeted materials: tires, C&D debris, manure)

City Name	Marketing Strategies by Component
Redondo Beach	R: Reliance on private sector capacity and expertise (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, wood)
	C: Encourage residents, businesses and schools to use compost (Targeted materials: yard waste)
	SW: White goods to charity, scrap dealers, C&D reused in industry and as road subbase, tires to tire distributors for resale (Targeted materials: white goods, tires, C&D debris, bulky items)
Rolling Hills	R: White paper to mills and Pacific Rim, glass and aluminum to established markets, tin cans Proler International., monitor DuPont plastics plant, yard waste to established markets and bridle paths/trail maintenance (Targeted materials:
	R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, aluminum cans, tin cans, yard waste, food waste, wood)
	C: Use by schools, parks, residents and public agencies, establish compost and soil amendment companies, landscaping and gardening firms (Targeted materials: yard waste)
	SW: Manure to established fertilizer and mushroom farm, inerts in road base and pavement (Targeted materials: C&D debris, manure)
Rolling Hills Estates	R: White paper to mills and Pacific Rim, glass and aluminum to establish markets, tin cans to Proler International, monitor DuPont plastics plant, yard waste to established markets and bride paths/trail maintenance
	R (cont.): (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, HDPE, PET, aluminum cans, tin cans)
	C: Topsoil additive for slope stabilization projects, use by schools, parks, public agencies (Targeted materials: yard waste, wood)
	SW: Manure to established fertilizer and mushroom farm, tires reused by consumers and retreaders, C&D as road base and pavement (Targeted materials: tires, C&D debris, manure)
Rosemead	R: Implement procurement policy for recycled content materials, develop RFP for MRF, monitor and evaluate long term market agreements (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous,
-i -	R (cont.): aluminum cans, tin cans)
	C: City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials
San Dimas	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, tires, bimetal containers)
	C: Material currently being sent to United Pacific Corp., also intended to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods)
San Fernando	R: City will rely on its selected contractor, City does have an interest in investigating cooperative regional marketing, education/promotion efforts, help address concerns of local manufacturers/industry/processors (Targeted materials:
	R (cont.): corrugated cardboard, newspaper, high-grade paper, glass, HDPE, PET, other plastics, ferrous, aluminum cans, tin cans)
	C: City Recreation and Parks Department, residents, farmers, landscapers, gardeners, State agencies, garden supply retailers (Targeted materials: yard waste)
	SW: SRRE does not state marketing strategies or end uses for targeted materials

City Name	Marketing Strategies by Component
San Gabriel	R: City receives 50% of hauler profits, City places marketing responsibility on the franchised hauler, will consider regional alliance, may expand program to include other materials, will pursue secured market agreements (Targeted materials:
	R (cont.): corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans, yard waste)
	C: SRRE does not state marketing strategies or end uses for targeted materials
	SW: SRRE does not state marketing strategies or end uses for targeted materials
San Marino	R: Establish markets and w/SGVJPA, RFP for long term processing arrangements (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans)
	C: SRRE does not state marketing strategies or end uses for targeted materials
	SW: Tires for rubberized asphalt in City streets, white goods to charity, C&D recycled content for City (Targeted materials: white goods, tires, C&D debris, bulky items, auto bodies)
Santa Clarita	R: City procurement policy (10% preference for recycled and/or encouragement of use), lobby state for procurement policies, support state legislation for private sector tax credit for recycled purchases, promotion through City resource center,
	R (cont.): consumer awareness campaign in coordination with local retailers, business and institutional awareness seminars, work with local industries to promote use of recycled materials in their manufacturing processes,
	R (cont.): recycling market development zone, fees or bans for selected products, grant program for development of recycling curriculum, grants program for non-profits to develop a "buy-recycled" campaign (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, wood)
	C: City utilization/procurement program, revegetation of degraded public land, encourage usage by local gardeners, landscapers and nurseries, promote residential use (Targeted materials: mixed paper, food waste, wood)
	SW: City procurement, remove institutional barriers regarding use of waste tires, assist the private sector to develop markets for recycled white goods (Targeted materials: white goods, tires, dead animals)
Santa Fe Springs	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass,
	R (cont.): HDPE, other plastics, aluminum cans, tin cans, yard waste, food waste, wood)
	C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Resell to tire distributors, provide raw material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, white goods to charitable organizations (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)
Santa Monica	R: City has contract with Recycle America/Waste Management Inc. to perform materials processing/marketing functions that it does not intend to alter, City will be proactive in investigating multi-jurisdictional arrangements (Targeted materials:
	R (cont.): corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, ferrous, non-ferrous, aluminum cans, tin cans, white goods, food waste, wood)
	C: Use as landscaping chips, to CSD landfill cover project (Targeted materials: yard waste)
	SW: Whole tires go to consumers and retreaders, inerts reused in construction and road construction, white goods to charity (Targeted materials: white goods, tires, C&D debris, used toilets, bulky items)
Sierra Madre	R: City receives 50% of hauler profits, will consider regional alliance, may expand program to include other materials, will pursue medium term market agreements for materials (Targeted materials: corrugated cardboard, newspaper, mixed paper,
- - ,	R (cont.): high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans)
	C: Use by public agencies and private industries (gardeners, landscapers, farmers), alternative daily landfill cover (Targeted materials: yard waste)
	SW: Will formalize policy for City use of rubber asphalt (Targeted materials: white goods, tires)

City Name	Marketing Strategies by Component
Signal Hill	R: Paper to mills, Pacific Rim markets, established glass markets, metals to Proler International, monitor DuPont PET plant, yard waste to United Pacific Corp. (Targeted materials: glass, ferrous, non-ferrous, aluminum cans, tin cans, food waste) C: Beneficial use on public lands, use by public agencies, landscapers, businesses, financial incentives (Targeted materials: yard waste)
	SW: Retreading and resale of tires, provide material for tire-derived products, reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of bulky items by charities, thrift stores SW (cont.): (Targeted materials: white goods, tires, C&D debris)
South El Monte	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, wood, tires, bimetal containers) C: Material to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
South Gate	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, other plastics, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores tires to distributors, source of tire-derived products (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)
South Pasadena	R: Internal practices and policies, City procurement, economic development, consumer incentives, education (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, aluminum cans, tin cans, yard waste,
	R (cont.): bimetal containers)
-	C: City procurement, farmers, landscape gardeners, State agency procurement, garden suppliers, residential awareness campaign, CSD landfill cover project (Targeted materials: yard waste)
	SW: City procurement, encourage development of local markets through education (Targeted materials: white goods, tires, C&D debris, bulky items, manure)
Temple City	R: Including additional materials, continue to allow marketing by franchised hauler for residential, open market for commercial (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous,
	R (cont.): aluminum cans, tin cans)
	C: Reuse on City property, to CSD landfill cover project (Targeted materials: yard waste)
	SW: City procurement policy of retreaded tires, crumb rubber asphalt (Targeted materials: white goods, tires, C&D debris, bulky items)
Torrance	R: Will network with area cities, haulers and processors, RFP for textiles (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, ferrous, aluminum cans, tin cans, food waste, textiles
	R (cont.): [curbside pickup])
	C: CSD for alternative daily landfill cover, public education (Targeted materials: yard waste, wood)
	SW: Bulky and white goods to private reassures and scrap metal dealers, tires reused for street maintenance and retreaders, C&D reuse in City construction and to recyclers (Targeted materials: white goods, tires, C&D debris)

City Name	Marketing Strategies by Component
Vernon	R: Paperstock brokers, textile brokers (Targeted materials: corrugated cardboard, food waste, wood, textiles, leather)
	C: Due to the limited quantity of yard waste generated within the jurisdiction, the City has not selected any alternative for the diversion or marketing of yard waste
	SW: Due to the limited quantity of special wastes generated within the jurisdiction, the City has not selected any alternative for the diversion or marketing of special wastes
Walnut	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, wood, bimetal containers)
	C: Material to be used in CSD landfill cover project (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
West Covina	R: City policy to purchase goods with recycled content, education of residential and business communities to purchase recycled, lobby for statewide recycled content standards (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, white goods, yard waste, food waste, wood, tires, bimetal containers, leather, textiles)
	C: City purchases, encourage the private sector to use composted products (Targeted materials: yard waste)
	SW: Work with other jurisdictions to create markets, seek assistance from businesses to develop markets and alternatives for handling materials (Targeted materials: white goods, tires, C&D debris)
West Hollywood	R: City will establish policies that stimulate markets for products with recycled content, however, City does not intend to directly intervene or participate in collecting, handling, processing, storing or marketing recyclable materials
	R (cont.): Market development objectives also include: government and school procurement, cooperative purchasing agreements with other jurisdictions, award recognition program, support for state legislation for advance disposal fees,
	R (cont.): encourage patronage of "Green Award" stores (Targeted materials: corrugated cardboard, newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, ferrous, non-ferrous, aluminum cans, tin cans, wood)
,	C: Allowing exchange (possibly pro-rated) of green waste for finished compost, wholesale discount to registered landscapers, retail purchase by residents (Targeted materials: yard waste)
	SW: Encourage local markets, existing private sector programs (Targeted materials: white goods, tires, C&D debris)
Westlake Village	R: City does not participate in local market development, but will modify purchasing practices to promote recycled content materials (Targeted materials: corrugated cardboard, newspaper, mixed paper, glass, ferrous, aluminum cans)
	C: Responsibility of contracted composting facility, City will purchase composted materials (Targeted materials: yard waste)
	SW: C&D: Engineered fill, aggregate or road base material, scrap metal dealers, reuse asphalt in new asphalt mix, White Goods: local charitable organizations, thrift chops, scrap metal dealers (Targeted materials: white goods, C&D debris)
Whittier	R: Paper to mills and Pacific Rim, established glass and aluminum markets, tin cans to Proler International, yard waste to major buyers, including United Pacific Corp., monitor DuPont PET recycling plant (Targeted materials: corrugated cardboard,
	R (cont.): newspaper, mixed paper, high-grade paper, glass, HDPE, PET, film, other plastics, aluminum cans, tin cans, wood)
	C: Soil amendments, surface applications on public areas and for homeowners, preferential purchase programs, landscape requirements (Targeted materials: yard waste)
	SW: Reuse inerts in construction, screened fines as engineered fill, steel for scrap, asphalt in asphalt mixes, reuse and repair of white goods by charities, thrift stores tires to distributors, source of tire-derived products (Targeted materials:
	SW (cont.): white goods, tires, C&D debris)

City Name	Marketing Strategies by Component
Uninc. LA County	R: County procurement policy for 10% purchasing preference to products with a minimum recycled content, mandated County procurement to procure recycled products, purchase of equipment that enables and/or encourages purchase and use of recycled products,
	R (cont.): establish recycling market development zone in County unincorporated area and support City efforts to do the same, lobby for State procurement policies, provide technical assistance, establish consumer awareness campaigns
	R (cont.): in conjunction with markets and groceries, conduct seminars with local and regional business and schools on "buying recycled," "buy recycled" advertising campaign using print, television and radio,
	R (cont.): impose fees or bans on selected non-recyclable products and/or packaging made from nonrenewable resources where alternatives are available and economical, waste exchange (Targeted materials: corrugated cardboard, newspaper, mixed paper,
	R (cont.): high-grade paper, glass, HDPE, PET, film, other plastics, ferrous, non-ferrous, aluminum cans, tin cans, yard waste, food waste, wood, LDPE, polystyrene)
	C: Increase use by private sector and citizens through public education and economic incentives, require developers to use compost during landscaping phase of new projects, lobby for statewide economic incentives (Targeted materials: yard waste)
	SW: Encourage recycling of C&D, County specification of rubberized asphalt, encouragement of existing private sector programs, encourage siting of additional thrift shops and increased usage of existing scrap metal dealers for white goods
	SW (cont.): (Targeted materials: white goods, wood, tires, C&D debris)

Table 5-13 (continued) Summary Plan of the Los Angeles County Countywide Integrated Waste Management Plan Summary of Selected SRRE Contingency Programs

City Name	Planned Contingency Programs, by Component
City of Commerce	SR: No need for contingency measures as no diversion from new programs will be counted R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion to include residential curbside collection, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding, (cont.): ensure generator group participation, assure that recovered materials are being composted and marketed
	SW: Evaluate monitoring and evaluation system, revise objectives to include residential curbside collection, mandatory requirements, noncompliance fines, mandatory recycling levels for specific inerts E: Evaluate monitoring and evaluation system, revise objectives, identify additional techniques to target waste generators
City of Industry	SR: Industry: waste evaluation/minimization program, recontact businesses to determine if there is more they can do. City offices: non-procurement by City, conduct an additional waste evaluation
	C: None
-	SW: None
	E: Make adjustments to education program
Claremont	SR: Implement additional programs, increase promotion efforts, implement or increase economic incentives, mandatory participation
	R: Implement additional programs, increase promotion efforts, mandatory participation
	C: Selected waste sorts to identify problem, program changes, mandatory participation, residential curbside collection, revise objectives, review staffing, review funding, review collection/processing procedures
	E: Re-evaluate objectives, re-evaluate staffing, re-evaluate budget, intensify program
Compton	SR: Add other alternatives, accelerate information dissemination, financial incentives, accelerate mandatory aspects of programs
	R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion to include residential curbside collection, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding,
	C (cont.): ensure generator group participation, assure that recovered materials are being composted and marketed
	SW: Evaluate monitoring and evaluation system, revise objectives, mandatory requirements, noncompliance lines, mandatory recycling levels for specific inerts F: Evaluate monitoring and evaluation system, revise objectives, identify additional techniques to target waste generators
Covina	SR: Add other alternatives, accelerate information dissemination, financial incentives, change mandatory aspects of programs
	R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding, ensure generator group participation
	SW: Evaluate monitoring and evaluation system, revise objectives, mandatory requirements, noncompliance fines, mandatory recycling levels for specific inerts F: Re-evaluate objectives, increase efforts with selected generators
Cudahy	SR: Add other alternatives, accelerate information dissemination, financial incentives, change mandatory aspects of programs
,	R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding, ensure generator group participation
	E: Evaluate monitoring and evaluation system, revise objectives, identify additional techniques to target waste generators
Culver City	SR: Intensify efforts to recruit and deploy volunteers, research other successful programs, redesign and distribute more materials, lobby State to include IWM courses into curricula
	R: Modify diversion goals, programmatic evaluation, variable can rates, regulatory measures, increase education and promotion activities
	C: Modify diversion goals, implement additional programs, divert additional materials beyond yard waste through composting program SW: None
	E: Increase level of effort, review staffing and funding, review implementation
Diamond Bar	SR: Add other alternatives, accelerate information dissemination, financial incentives, change mandatory aspects of programs
 ,	R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion to include residential curbside collection, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding,

C:2. XI	
City Name	Planned Contingency Programs, by Component
San Gabriel	SR: Expand promotional/technical assistance, modify rate structures, implement regulatory programs, monitoring and evaluation of program R: Increase education and reporting mandatory recycling ordinance, rate changes, add or accelerate program agnests
	SW: Increase monitoring, education, enforcement and may modify objectives
	E: City recognizes the possible need for program modifications
San Marino	SR: Identify new or additional alternative programs, accelerate programs, identify economic incentives, evaluate need for mandatory ordinances or programs R: Increase level of education add or accelerate mandatory aspects of programs
	C: Regional composting facility if alternative daily landfill cover ceases as option
	SW: Increase monitoring, education, enforcement, modify plans for SW
	E: New methods of distribution, new campaign message, increase convenience of programs and inform public (combination of three probably needed)
Santa Clarita	SR: Expand and intensify education and promotion, lobby for statewide product bans, raise variable can rate differential, institute local product bans, mandate grocery store participation in consumer awareness campaign,
	SR (cont.): increase school curriculum budget by 10%
	R: Change program to enhance convenience, expand and intensify education and promotion, mandatory participation ordinance, increase collection fees, collection bans, process changes at MRF, change mulch program objectives
	C: Evaluate MRF processes for sorting inefficiencies, increase separation efficiency, expand facility(ies)
	SW: Evaluate new technologies for disposal of waste tires, encourage issuance of Cal-Trans standards, expand and intensify education and promotion program for use of recycled white goods, mandate retail participation in consumer awareness campaign,
	SW (cont.): reevaluate public awareness of dead animal program, determine new methods of dead animal program promotion
	E: Re-evaluate goals, increase funding and/or staffing, re-evaluate and improve methodology, increase efforts with schools at the state and local level, increase outreach to businesses,
	E (cont.): include environmental education as part of job descriptions and tasks of City employees
Santa re Springs	SK: Add other alternatives, accelerate information, infancial incentives, change mandatory aspects of programs
	N. Inclease rever it enter and requested to provide intollination, and other control of the cont
	C (cont.); ensure generator group participation, assure that recovered materials are being composted and marketed
	SW: Evaluate monitoring and evaluation system, revise objectives, mandatory requirements, noncompliance fines, mandatory recycling levels for specific inerts
	E: Evaluate monitoring and evaluation system, revise objectives, identify additional techniques to target waste generators
Santa Monica	SR: Add other selected programs, accelerate information dissemination, add or accelerate financial incentives/disincentives, add or accelerate mandatory aspects or alternatives, rate structure modifications, increased promotion of SR programs,
	R: Add or accelerate mandatory aspects of program, increase level of outreach program, expand IPC operation/develop MRF, increase hauler recycling service requirements, adopt disposal prohibitions, expand types of materials recovered,
	R (cont.): create recycling zones, contract/franchise recycling service
	C: Determine source of shortfall, operations adjustments, modifications/expansions of promotion/education efforts, objective(s) revisions, take steps to assure implementation, participation, processing, and marketing are proceeding as anticipated
	SW: Increase level of information distribution, add or accelerate mandatory aspects of program alternatives
Sierra Madre	SR: Increasing the scale of the rate structure program and accelerating its implementation increased monitoring and implementing additional programs
	R: Increased education, enforcement, reporting, additional programs will be developed
	C: Increased monitoring, review, education, stiffened noncompliance penalties. If yard waste as landfill cover program is not approved, similar collection program and then yard waste will be taken to a private processor(s)
	SW: Examine C&D diversion programs, increased monitoring, education, enforcement, may modify objectives
	E: City recognizes the possible need for program modifications
Signal Hill	SR: Add other alternatives, accelerate information dissemination, financial incentives, change mandatory aspects of programs
	R: Increase level of effort and frequency of public information, add or accelerate mandatory aspects of programs, add other alternatives
	C: Mandatory participation, accelerated program expansion to include residential curbside collection, targeted waste sorts, review program staffing, examine coordination among cities and private entities, analyze program funding,
	C (cont.): ensure generator group participation, assure that recovered materials are being composted and marketed
	DW: Evaluate monitoring and evaluation system, revise objectives, mandatory requirements, noncompliance lines, mandatory recycling levels for specific inerts
	Exaluate monitoring and evaluation system, revise objectives, identity additional reciniques to target waste generators
