

LOS ANGELES COUNTY
SOLID WASTE MANAGEMENT COMMITTEE/
INTEGRATED WASTE MANAGEMENT TASK FORCE

OVERVIEW

Prioritizing Bills for the Cover Page

Thursday, April 20, 2023

- Background on Legislative Priorities
- Compiling, Grouping, and Prioritizing
- Quick Tour of 2022-24 Legislative Session
- Conclusion

TASK FORCE STATUTORY RESPONSIBILITIES

A summary of the responsibilities of the Task Force include:

County Code Section 3.67

- Take appropriate action to implement programs delineated in the
- Countywide Integrated Waste Management Plan (Plan)
- Review proposed facilities and services for conformance with the Plan
- Investigate complaints of nonconformance with the Plan and seek corrective action
- **Monitor, analyze and review legislative bills, and propose legislation as needed**
- Prepare and recommend model ordinances and minimum standards for adoption by local jurisdictions
- Maintain and update the Plan as needed in compliance with CalRecycle reporting requirements
- Form advisory subcommittees to perform special studies and investigations.

State Law and Regulation - AB 939 (PRC Section 40950) and 14 CCR §18761 et al.

Assist in coordinating the development of the Plan and its various elements, including:

- City and County Source Reduction and Recycling Elements (SRREs)
- City and County Household Hazardous Waste Elements (HHWEs)
- City and County Non-Disposal Facility Elements (NDFE)
- Countywide Siting Element (CSE)
- Countywide Integrated Waste Management Summary Plan (Summary Plan)

Working on a coordinated and cost-effective regional recycling system:

- Identify issues of regional concern
- Determine need for solid waste collection and transfer systems, processing facilities, and marketing strategies
- Facilitate multi-jurisdictional arrangements
- Facilitate resolution of conflicts

Assist and advise local jurisdictions within Los Angeles County in the review and implementation of their local SRREs, HHWEs, and NDFEs

MISSION STATEMENT

The Mission of the Task Force pursuant to the statute is to coordinate solid waste management issues on a Countywide basis, guide the development of city and County solid waste management plans, and advocate for a coordinated, sustainable, and cost-effective solid waste management and recycling system in Los Angeles County.

- ❖ Organics Infrastructure, funding, and capacity
- ❖ Alternative technologies and renewable fuels

- ❖ CalRecycle enforcement policies
- ❖ Plastics legislation and recycling capacity

WELCOME

Welcome to the California Legislative Information website!
We are pleased to announce new website enhancements to improve the readability of Bill and Code text. Multi-level indentation formatting has been implemented throughout the sections of each bill's "Text" tab. In addition, the new formatting has been added to all of the sections of text under the California Law. Measures prior to 1999 can still be found at <http://leginfo.ca.gov> which will remain as an archive for legislative information.

To access a complete listing of California Law Codes and Bill Search features, click the California Law or Bill Information Tabs on the Tabbed Panel above.

LEGISLATIVE UPDATES Each month during the active legislative session, the Task Force compiles a list of legislative proposals that may impact residents, businesses, and local governments relating to **solid waste management** in LA County.

Extended Producer Responsibility (EPR)

- AB-2 Ward
- AB-495 Hoover
- AB-863 Aguiar-Curry
- AB-1238 Ward
- AB-1526 Committee on Natural Resources
- SB-49 Becker
- SB-244 Eggman
- SB-271 Dodd
- SB-560 Laird
- [SB-568](#) Newman
- SB-615 Allen
- SB-707 Newman
- SB-854 Smallwood-Cuevas and Portantino

- Recycling: solar photovoltaic modules.
- Battery recycling: records retention.
- Carpet recycling: carpet stewardship organizations: fines: succession:
- Hazardous waste: solar panels.
- Solid waste: plastic pollution: architectural paint.
- Tax incentives: solar canopies.
- Right to Repair Act.**
- Powered wheelchairs: right to repair.
- Solid waste: extended producer responsibility.
- Electronic waste: export.
- Electric vehicle traction batteries.
- Responsible Textile Recovery Act of 2023.
- Carpet recycling: carpet stewardship.

Single Use Plastic (SUP) and other Items

AB-1290	L. Rivas	Product safety: plastic packaging: substances.
AB-1347	Ting	Solid waste: paper waste: proofs of purchase.
AB-1489	Wood	Solid waste: plastic food serviceware.
AB-1590	Friedman	Solid waste: plastic food container products.
SB-303	Allen	Solid waste: Plastic Pollution Prevention and Packaging Producer Responsibility Act.
SB-378	Gonzalez S	State parks: state beaches: expanded polystyrene food container and cooler ban.
SB-552	Newman	Solid waste: single-use foodware accessory and single-use food packaging.
SB-665	Allen	Plastic waste: single-use plastics alternatives: working group.
SB-728	Limon	Single-use foodware and standard condiments.
SB-777	Allen	Solid waste: reusable grocery bags and recycled paper bags.

Bottle Bills

[AB-348](#) Ting
[AB-891](#) Irwin
[SB-353](#) Dodd

Beverage containers: producer responsibility score.
Beverage container recycling: nonpetroleum materials.
Beverage containers: recycling.

EPR –Tire

[AB-981](#) Friedman

State highways: pilot highway maintenance and rehabilitation demonstration projects.

Precautionary Principle & Problem Products

AB-234	Bauer-Kahan	Microparticles.
AB-246	Pagan	Product safety: menstrual products: perfluoroalkyl and polyfluoroalkyl substances.
AB-347	Ting	Pollution Prevention and Hazardous Waste Source Reduction and Management Review Act: enforcement.
AB 727	Weber	Product safety: cleaning products: perfluoroalkyl and polyfluoroalkyl substances
AB-1042	Bauer-Kahan	Pesticides: seeds. Depart. of Pesticide Regulation: Sustainable Pest Management Workgroup
AB-1628	McKinnor	Microfiber filtration.
AB-1660	Ta	Cosmetic products: perfluoroalkyl and polyfluoroalkyl substances (PFAS).
SB-561	Blakespear	Public contracts: environmentally preferable purchasing.

Hazardous Waste

- AB-407 Chen Hazardous waste: used oil.
- AB-777 Cervantes Hazardous waste: discarded appliances. Stringfellow Quarry Class I Hazardous Waste Disposal Site
- AB-909 Hoover Solid Waste Disposal and Codisposal Site Cleanup Program.
- AB-1716 Committee on ESTM Hazardous wastes and materials: certified unified program agencies.
- SB-642 Cortese Hazardous materials: enforcement: county counsel.

TOO TOXIC TO TRASH

LOS ANGELES COUNTY

SANITATION DISTRICTS OF LOS ANGELES COUNTY

Event serves the cities of Arcadia, Azusa, Baldwin Park, Bradbury, Covina, Duarte, El Monte, Irwindale, Monrovia, Pasadena, San Gabriel, Sierra Madre, Temple City, and West Covina.
 Open to all Los Angeles County residents.

IWMA 1989

AB-895 Chen

Solid waste: management.

Legacy Disposal Cleanup/ Illegal Dumping

AB-343 "Muratsuchi Lowenthal"

Southern Los Angeles: ocean dumpsites: chemical waste.

SB-367 Seyarto

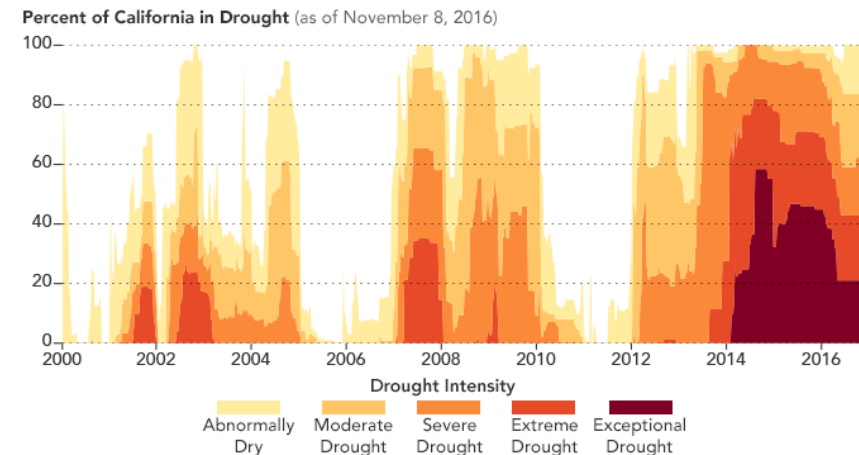

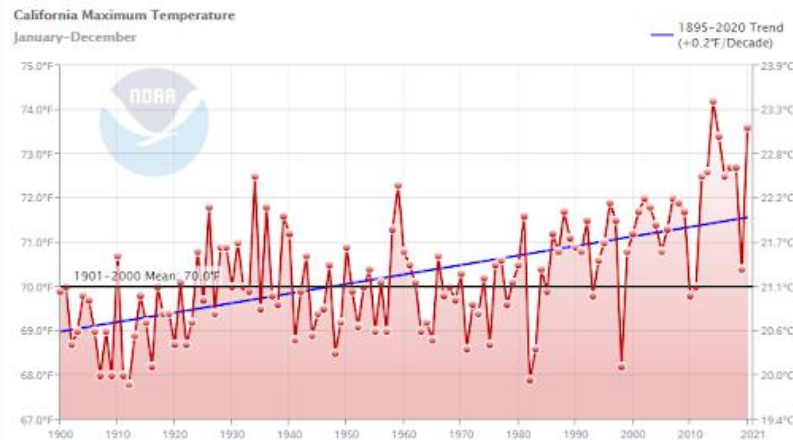

"Farm, ranch, and public lands cleanup and abatement: grant program. State and Federal Land Solid Waste Removal and Cleanup Pilot Program."

California Global Warming Solutions Act of 2006

- AB-9 Muratsuchi
- AB-287 Garcia
- AB-397 Essayli
- AB-585 Rivas / Petrie-Norris
- SB-12 Stern, Allen, and Wiener

- California Global Warming Solutions Act of 2006: *emissions limit.*
- California Global Warming Solutions Act of 2006: GHG Reduction Fund: *competitive grant programs: funding objectives.*
- California Global Warming Solutions Act of 2006: *scoping plan.*
- California Global Warming Solutions Act of 2006: *state board.*
- California Global Warming Solutions Act of 2006: *emissions limit.*

GHG Emissions and Air Quality

AB-530 Boerner-Horvath
AB-625 Aguiar-Curry
AB-849 Garcia
AB-1538 Muratsuchi
AB-1689 Grayson
SB-84 Gonzalez
SB-415 Durazo
SB-504 Dodd
SB-511 Blakespear
SB-638 Eggman and Niello

Methane emissions.
Forest Biomass Waste Utilization Program.
Community emissions reduction programs.
Clean Energy Reliability Program
Greenhouse gases: built environment: decarbonization.
Clean Transportation Program: Air Quality Improvement Program: funding.
Air quality: rules and regulations: socioeconomic impacts assessment.
Wildfires: defensible space: grant programs: local governments.
Greenhouse gas emissions inventories.
Climate Resiliency and Flood Protection Bond Act of 2024.

SB 1383 Organic Waste

AB-573 Garcia
SB-613 Seyarto

Organic waste: meeting recovered organic waste product procurement targets.
Organic waste: reduction goals: local jurisdictions: low-population exemption.

Renewable Technology/ Infrastructure

AB-998 Connolly

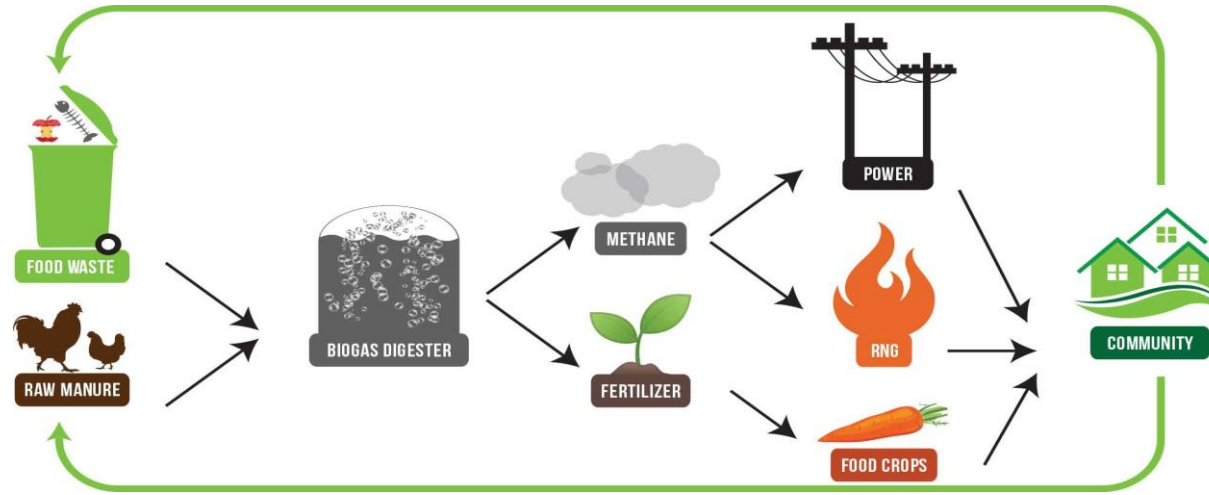

Biomass energy facilities: State Energy Resources Conservation and Development Commission: report.

AB-1548 Hart

GHG Reduction Fund: grant program: recycling infrastructure projects

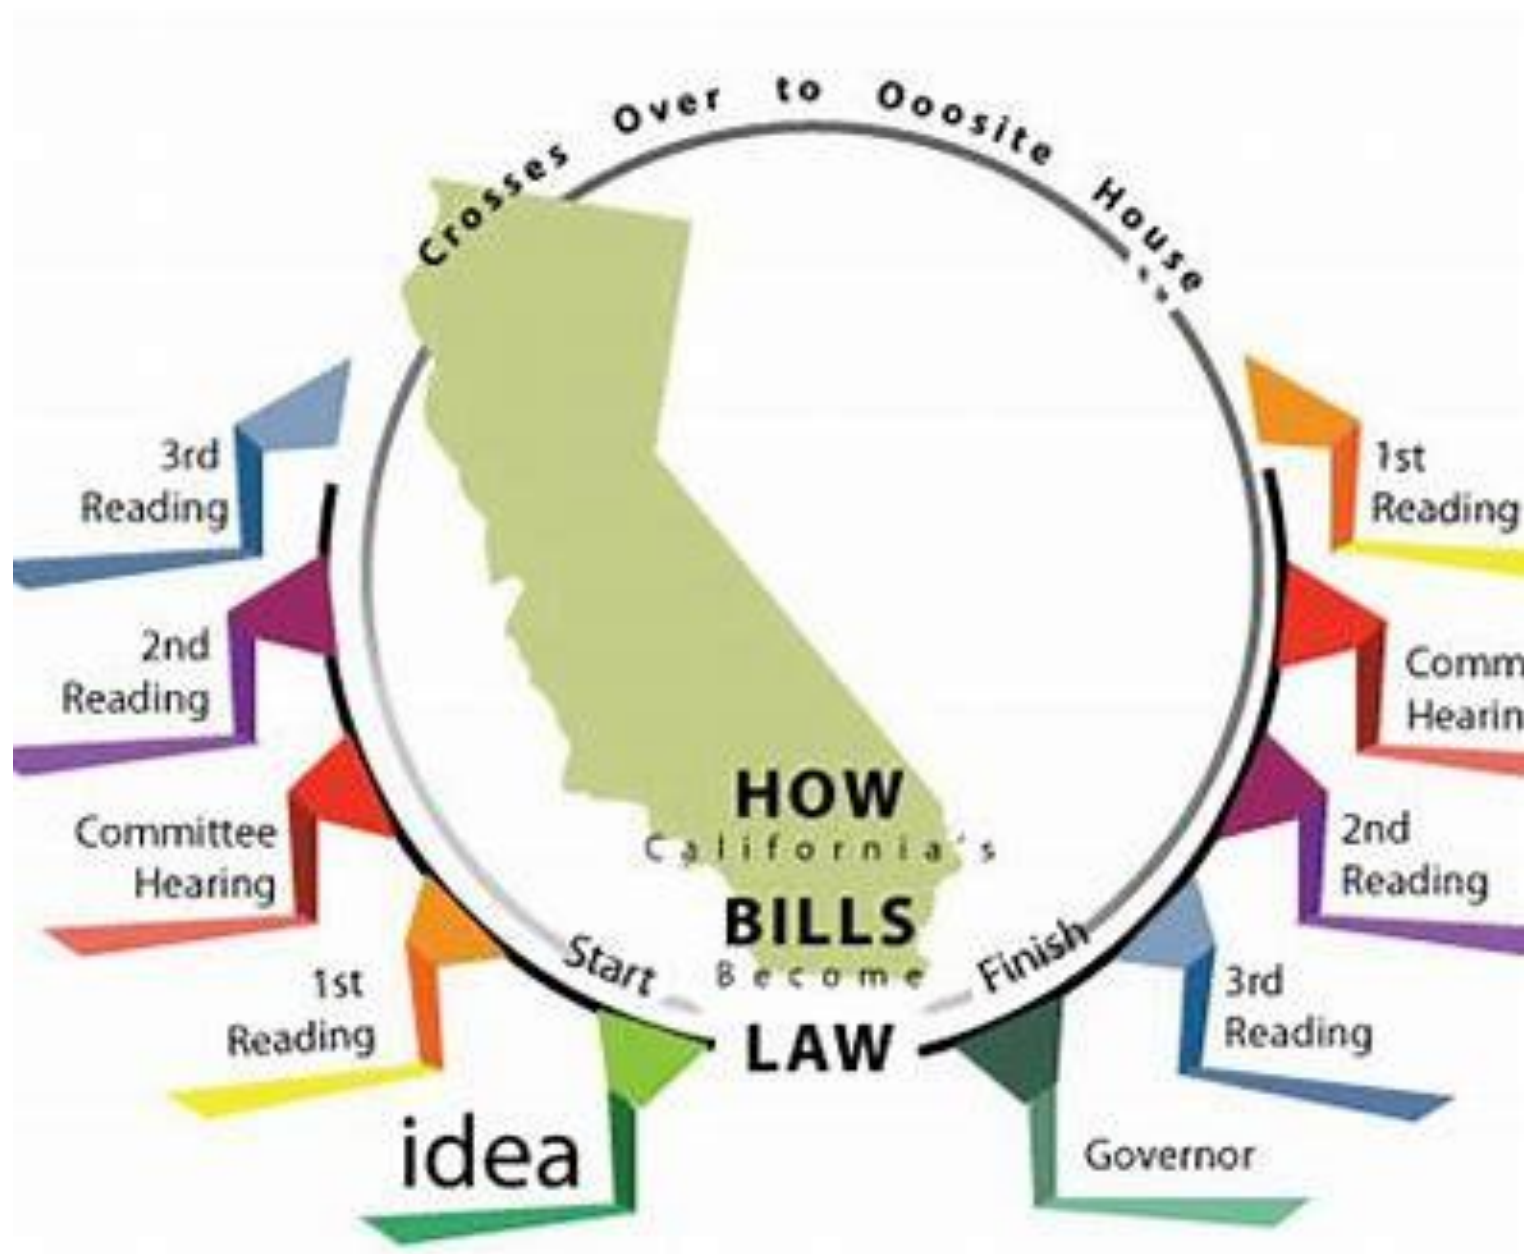

AB-1705 McKinnor

Solid waste facilities: State Policy Goals.

Procurement Opportunities for Biogas

AB-241	Reyes	Clean Transportation Program.
AB-324	Pacheco	Gas corporations: renewable gas procurement.
AB-678	Alvarez	Biomethane procurement targets or goals: core 'transport agents.
AB-841	Berman	State Energy Resources Conservation and Development Commission: research and development Industrial Heat Electrification Roadmap
AB-1594	Garcia	Medium- and heavy-duty zero-emission vehicles: public agency utilities
SB-32	Jones	Motor vehicle fuel tax: greenhouse gas reduction programs: suspension.
SB-84	Gonzalez	Clean Transportation Program: Air Quality Improvement Program: funding.
SB-488	Alvarado-Gil	California Renewables Portfolio Standard Program: bioenergy projects: community choice aggregators.
SB-501	Newman	"Hydrogen refueling stations: reliability and service quality plan.

Legislative Update

- Recommending to consider ***Support And Amend***
 - **AB 1594 – Medium- and heavy-duty zero-emission vehicles: public agency utilities.**
- Recommending to consider ***Oppose***
 - **AB 1705 – Solid waste facilities: state policy goals**
- Recommending to consider ***Support if Amended / Oppose Unless Amended***
 - **SB 665 – Plastic waste: single-use plastics alternatives: working group.**

Assembly Bill 1594 (Garcia) Medium- and heavy-duty zero-emission vehicles for public agency utilities.

- Would ensure that these vehicles can support a public agency or utility's ability to maintain reliable water and electric services, respond to disasters in an emergency capacity, and provide mutual aid assistance statewide and nationwide, among other requirements.
- Recommending ***Support and Amend***

Recommended amendments to:

- Expand the proposed bill's provisions to incorporate essential public service vehicles including private firms with emergency response activities and responsibilities.

Assembly Bill 1705 (McKinnor) Solid waste facilities: state policy goals.

- Would prohibit the establishment or expansion of transformation facilities or EMSW conversion facilities in the state until CalRecycle has determined that the state has achieved certain solid waste and organic waste policy goals for three consecutive years.
- Recommending **Oppose**: as the bill would further restrict current regulatory barriers that exist for the development of these technologies in the state, including the lack of guidance on how these facilities could be permitted by CalRecycle.

Senate Bill 665 (Allen) Plastic waste: single-use plastics alternatives: working group.

- Would require the California Environmental Protection Agency, by January 1, 2025, to establish a working group consisting of CalRecycle, the State Water Resources Control Board, DTSC, and the Office of Environmental Health Hazard Assessment to establish a framework for evaluating novel material types as they are developed to inform state policy decisions.
 - Recommending ***Support if Amended / Oppose Unless Amended***
 - ***Recommended amendments to:***
 - Section 40201 of the PRC – **Revise the definition of “Transformation” to exclude “Incineration”**
 - Section 42375 (a) – **Amend to expand the inclusion of CARB, the Dept of Public Health, and the solid waste management industry in the working group.**
 - Section 42375 (c) – Amend to have the working group include CTs (Advanced Recycling Technologies) in recommendations, **specifically how conversion technologies can be used to manage materials at the end of its useful life.**
