

Florence Metro Blue Line Station Bikeway Access Improvements

- **Project Scope:**

The primary objective of this project is to install bikeways, including traffic-calming devices, on various road segments.

- Bike routes with traffic-calming (bike boulevards), bike lanes, and bike routes
- Construction of traffic circles and bulb-outs (traffic-calming)
- Installation of bike racks
- Reconstruction of sidewalk and minor pavement work

- **Project Benefits:**

This bikeway project will improve access for bicyclists and transit users to the Florence Metro Blue Line Station and provide interconnectivity within the community of Florence-Firestone.

- **Community Outreach:**

The project was presented to the community on February 10, 2016. A small group of people attended the meeting, who were in support of the project. A project information flyer and a pre-construction brochure will be provided just after the project has been awarded and a week prior to start of construction, respectively.

- **Project Location:** Unincorporated County community of Florence-Firestone

- 68th Street – Central Avenue to Compton Avenue
- Crockett Boulevard - 76th Place to Nadeau Street
- Crockett Boulevard - Nadeau Street to 83rd Street
- Miramonte Boulevard – Slauson Avenue to Florence Avenue
- Maie Avenue – Florence Avenue to 92nd Street

- **Cost Estimate:**

- Total Project: \$2.2 Million
- Construction: \$1.2 Million
- Reimbursable Federal Grant Funds: \$1.3 million

- **Economic Impact:** Project construction supports 15 direct and indirect jobs.

- **Estimated Start of Construction:** April 2018
