Receiving Water Limitations

On March 4, 2008 the Los Angeles Regional Water Quality Control Board (Board) sent the City a notice indicating that the City had violated waste discharge regulations as established in the Board's Order 01-182, and as amended in Order R4-2006-0074 and R4-2007-0042. As a result, the Board required the City to respond to these allegations. The City responded in a timely fashion to these allegations and continues to believe that the NOV and Order were improperly issued. The City has petitioned the Board to retract these alleged violations.
