The purpose of the meeting is to discuss the adoption of the new 2022 State Codes, including County of Los Angeles amendments. The current draft can be viewed by visiting <https://dpw.lacounty.gov/bsd/content/publications.aspx> and clicking on "Stakeholder Outreach Meeting on August 22, 2022". You may request hardcopies of these amendments by contacting Mr. Razmig Shamim at (626) 458-6388. These drafts are subject to change based on comments received and ongoing review by this and other County departments.

The ordinances will adopt the 2022 State Codes by reference and incorporate local amendments. Many of the local amendments to the Code are based on the model language generated by the International Code Council Los Angeles Basin Chapter (ICC-LABC), which has the support of many local jurisdictions. The ICC-LABC program's goal is to provide consistency in Code language and interpretation within the Los Angeles County area. These local jurisdiction amendments are structured to be consistent with the 2022 State Code provisions.

All interested persons are invited to make written comments on or before August 22, 2022. All comments will be carefully considered prior to the final presentation of amendments to the Board of Supervisors for adoption.

Any questions and written comments or requests for additional copies of the proposed amendments should be directed to Mr. Razmig Shamim at [rshamim@pw.lacounty.gov](mailto:rshamim@pw.lacounty.gov). Telephone inquiries may also be directed to Mr. Shamim at (626) 458-6388.

Very truly yours,

MARK PESTRELLA  
Director of Public Works

JUAN MADRIGAL  
Assistant Deputy Director  
Building and Safety Division
