I acknowledge that I have been given a list of recycling facilities listed on Table 1 and I understand that Public Works has confirmed that these facilities meet the requirements of Los Angeles County Code, Chapter 20.87. I understand that if my project manager(s), general contractor(s), contractor(s), and waste hauler(s) intends to take the construction and demolition debris to a facility that is not on this list, they must obtain prior approval from Public Works.
