APPLICABILITY: Please select one of the following: ☐ This dental practice places or removes dental amalgam and discharges wastewater to the sewer. ➢ If this selection is made, complete Sections A, B, C and D after reading 40 CFR 441

available at https://www.ecfr.gov/cgi-bin/text-idx?mc=true&node=pt40.32.441&rgn=div5

☐ This dental practice does not place dental amalgam and does not remove amalgam except in limited emergency or unplanned, unanticipated circumstances.

If this selection is made, complete Section D only.

SECTION A: <u>Description of Facility</u>

- 1. Wastewater discharge to the sewer commenced **before / on / after** (circle one) July 14, 2017.
 - (Note: If the discharge commenced after July 14, 2017, this certification form is due within 90 days of the commencement. Otherwise, it is due by October 12, 2020.)

SECTION B: Amalgam separator(s) or equivalent device(s)

| 1. Complete all applicable subsections below for all existing amalgam separator(s) or equivalent device(s) that are currently operated for chairs at which dental amalgam may be present in the resulting wastewater (must check at least one of the three boxes below): | | | | |
|---|-------|-------------------------|---|--------------------|
| ☐ One or more ISO 11143 (or ANSI/ADA 108-2009) compliant amalgam separators (or equivalent devices) that captures all amalgam containing waste from the above identified chairs in Section A where amalgam is placed | | | | |
| or removed has/have been installed at the facility. One or more existing amalgam separators has/have been installed at the facility prior to June 14, 2017, at which amalgam placement or removal occurs. I understand that it/they must be replaced with one or more ISO 11143 (or ANSI/ADA 108-2009) compliant amalgam separators (or equivalent devices), after its/their lifetime has/have ended, and no later than June 14, 2027. | | | | |

2. Third-party service provider(s) that maintains the amalgam separator(s) or equivalent device(s) operated at the dental office to ensure proper operation and maintenance in accordance with §441.30 or §441.40:

| Company Name | Address | Phone Number | Date of Starting Service |
|--------------|---------|--------------|--------------------------|
| | | | |
| | | | |
| | | | |

3. If there is no third-party service provider that maintains the amalgam separator(s) or equivalent device(s) operated at the dental office, please provide a brief description of the practices employed by the facility to ensure proper operation and maintenance in accordance with §441.30 or §441.40.

SECTION C: Certification

I hereby certify that the above amalgam separator(s) or equivalent device(s) is/are designed and will be operated and maintained to meet the requirements specified in §441.30 or §441.40.

I hereby certify, that the dental discharger is implementing the following Best Management Practices specified in §441.30(b) or §441.40(b) and will continue to do so.

- (1) Waste amalgam including, but not limited to, dental amalgam from chair-side traps, screens, vacuum pump filters, dental tools, cuspidors, or collection devices, must not be discharged to the sewer.
- (2) Dental unit water lines, chair-side traps, and vacuum lines that discharge amalgam process wastewater to the sewer must not be cleaned with oxidizing or acidic cleaners, including but not limited to bleach, chlorine, iodine and peroxide that have a pH lower than 6 or greater than 8.

| Signature of authorized company official: |
| Print name of official: |
| Title of authorized company official: |

NOTES:

"Authorized company official" means:

- 1. For a partnership: a general partner.
- 2. For a sole proprietorship: the proprietor.
- 3. For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or the manager of one or more manufacturing, production, or operation facilities, provided, the manager is authorized to make management decisions which govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiate and direct other comprehensive measures to assure long-term environmental compliance with environmental laws and regulations; can ensure that the necessary systems are established or actions taken to gather complete and accurate information for control mechanism requirements; and where authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.
- 4. A duly authorized official of one of the individuals described above may substitute if:
 - a. The authorization is made in writing by one of the individuals described above:
 - b. The authorization specifies either an individual or a position having responsibility for the overall operation of the permittee's facility, such as a responsible position for environmental matters for the company; and
 - c. The written authorization is submitted to the Los Angeles County Public Works.
