THIRD: Add d. Cleanliness of Containers to Item D3 of Exhibit 3A1 on page 6 as follows:

d. Cleanliness of Containers

While CONTRACTOR is not obligated to provide new Containers to Occupants, they must provide clean Containers. This includes the delivery of additional Containers, exchange of Containers, or washing used.

(1) Annual Cleaning of Green Waste Containers

Starting July 1, 2023, CONTRACTOR is to arrange and coordinate a cleaning of the inside of Customer's Green Containers once per Contract Year. The service is to be promoted in an article in the outreach materials. However, Director may determine the cleaning is not necessary and in lieu of the service, require the monthly rate be reduced by the cleaning costs, as indicated on Attachment 7-2, Task 1 [Service Fees](#) of Exhibit.

(2) Monthly Cleaning by Customer Request

Starting January 1, 2023, CONTRACTOR is to arrange and coordinate a cleaning of the inside of Customer's Containers up to monthly, or other frequency determined by Director. CONTRACTOR may pass the cost of the cleaning on to Customers for the surcharge provided in this AMENDMENT. The service is to be promoted in an article in the quarterly newsletter or postcards, requiring Customers to contact CONTRACTOR to request the service and agree to pay for it. While this service is intended for Containers with Food Waste, it is to be available for any or all Containers.

FOURTH: The COUNTY and CONTRACTOR agree that the Monthly Rate per Customer for container cleaning will be as follows:

- Monthly Cleaning Service, 1 Cart \$22.00
- Monthly Cleaning Service, each additional Cart \$7.00

FIFTH: Item F of Exhibit 3A1 on pages 13 and 14 is deleted in its entirety and replaced with the following:

F. Solid Waste Transportation, Processing, Diversion, and Disposal

1. CONTRACTOR-Designated Solid Waste Facility

CONTRACTOR shall transport Solid Waste only to the Solid Waste Facility or Facilities that CONTRACTOR has designated in Contractor Documentation in Exhibit 17 for [Processing](#), [Diversion](#), or [Disposal or those facilities as directed by Director in subsection 2 below](#). [CONTRACTOR](#) may

designate a [Solid Waste Facility](#) or Facilities that utilizes [Conversion Technology](#) or provides feedstock to Conversion Technology facilities. Prior to any change in designated facilities or within 30 days of CONTRACTOR being notified of the change in rates at an approved facility, CONTRACTOR must provide Notification to Director for consent of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director will review information such as fees, distance, Recycling rates, ability to Recycle Recyclables.

If CONTRACTOR requests to take Solid Waste to a facility that charges more, Director may approve such requests without authorizing the CONTRACTOR to pass the increased cost to the Customer. At the Director's discretion, some or all the increased costs may be passed to the Customer under special circumstances such as changing Green Waste Diversion from a landfill that was using it as Alternate Daily Cover to a more expensive composting facility.

Some Service Areas may require CONTRACTOR to use specific sites or facilities for Disposal, Diversion, or Processing of Solid Waste without additional compensation, as designated in Exhibit 3A3 if applicable to this.

2. **Flow Control**

[Director](#) reserves the right to direct [Solid Waste](#) to a specific site or facility. COUNTY will compensate [CONTRACTOR](#) for any direct costs, if any, such as increased tipping fees and transportation costs which [CONTRACTOR](#) incurs as a result of the delivery of materials to a COUNTY-designated Solid Waste Facility instead of to the Solid Waste Facility selected by CONTRACTOR. CONTRACTOR must submit verifiable evidence demonstrating increased costs.

If CONTRACTOR had been using a CONTRACTOR owned facility before being redirected to a different facility, Director will not compensate CONTRACTOR for any lost profits incurred by the CONTRACTOR as a result of being redirected to a different facility. In addition, Director will not compensate CONTRACTOR for any losses incurred to the extent that it had any general obligations to provide a minimum tonnage to a facility (often referred to as put or pay) but will compensate CONTRACTOR for additional out-of-pocket costs directly resulting from an obligation agreed to specific to this CONTRACT. For example, if CONTRACTOR signed an agreement to bring 100,000 tons per month of Refuse to Landfill X, Director will not compensate the CONTRACTOR for redirecting waste under this CONTRACT to a different facility. But if CONTRACTOR had agreed to bring 1,000 tons of Refuse from this Service Area to Landfill X, Director will compensate CONTRACTOR for additional out-of-pocket costs that CONTRACTOR incurs as a direct result of being redirected to a different

facility.

Some Service Areas may require CONTRACTOR to use specific sites or facilities for Disposal, Diversion, or Processing of Solid Waste without additional compensation, as designated in Exhibit 3A3 if applicable to this CONTRACT.

3. Land Application of Organic Waste

Land application of Organic Waste will not be allowed without the written approval of Director.

SIXTH: Item H.7 of Exhibit 3A1 on page 19 is deleted in its entirety and replaced with the following:

(<https://www.cdffa.ca.gov/plant/pe/InteriorExclusion/quarantine.html>)

CONTRACTOR shall allow Customer or Occupant to witness the shredding to provide additional assurance of preventing identity theft.

CONTRACTOR may use smaller postcards to allow insertion in quarterly bills.

EIGHTH: Item P. Organics in Exhibit 3A1 on page 28 is deleted in its entirety and is replaced with the following:

P. Food Waste

1. Food Waste Collection

This CONTRACT does not allow the Collection of Food Waste and other Organic Waste as part of the Refuse, without Director approval. This topic is further discussed under Diversion in item C3 of this Exhibit.

2. Food Waste Container

a. Kitchen Pails for Each Occupant

To encourage Occupant's participation in diverting Organic Waste from landfills, CONTRACTOR is to provide an in-home container that is attractive enough to place on a kitchen counter and small enough to place in a typical dishwasher. It is anticipated that Occupants would use the container to regularly transfer food waste from their kitchen to the Green Waste Container and eliminate the need for a plastic bag. Upon delivery, containers become the property of the Occupant and any missing or damaged containers are the responsibility of the Occupant and not CONTRACTOR. CONTRACTOR must provide evidence of delivery to Director.

With 3 months after execution of this AMENDMENT or later if Director requests, CONTRACTOR shall provide each existing Occupants a container intended for Food Waste in the home, prior to the start of their service. The container shall be similar in design to ones available at sure-close.com (Director does not endorse this brand) and meet the following criteria:

- Dishwasher Safe;
- Lid, removable, vented and prevents odors;
- Handle;
- Approximately 2 gallons in volume,
- 10-12 inches wide1., for scraping plates into;

- Any logo or other graphics must be approved by Director;
- HDPE Plastic, recycled content; and

b. 32-Gallon Cart

Occupants that do not store their Green Waste Containers near their homes may want a 32-gallon Cart to keep nearby but roll it to the curb on service day. As part of the standard Containers in item D1 of Exhibit 3A1, CONTRACTOR shall make available a second Green Waste Container while reducing their 96-gallon Cart to 64-gallons.

Alternatively, a Food Waste Container may be offered with Director approval. This Container could be serviced by either a Green Waste Collection Vehicle or a dedicated Food Waste Collection Vehicle.

NINTH: Item E in Exhibit 7 Contract Services (Adjustment of Service Fees) on pages 246 to 248 is deleted in its entirety and replaced with the following:

E. Service Fee Adjustment for Changes in Refuse Disposal, Organic Waste Diversion, and Manure Diversion Facility Fees

A minimum of 16 months must elapse between Commencement Date and July 1 of the current year. The Disposal and Diversion Components of Net Service Fees will be adjusted for any change in Refuse Disposal, Organic Waste Diversion, and Manure Diversion tipping fees charged CONTRACTOR by the Solid Waste Facility designated by CONTRACTOR in CONTRACTOR Documentation in item B17 of Exhibit 17.

Prior to any change in designated facilities or within 30 days of CONTRACTOR being notified of the change in rates at a designated facility, CONTRACTOR must provide Notification to Director for consent of change. Failure to receive approval from Director will result in rate adjustments being calculated based on the less expensive of the existing and previous facility. Director may conditionally approve changing the Solid Waste Facilities to a more expensive facility by not allowing the increased cost to be passed down to the Customer.

CONTRACTOR is to notify Director of any rate changes at facilities within 7 days of the increase. Failure to notify Director will impact how rate adjustments are calculated. Director will only use rates that have been sent to Director. For example, if a facility raises its rates from \$60 per ton to \$65 per ton on March 1, but CONTRACTOR notified Director on July 1 Director will use the \$60 per ton for January 1 through June 30 for the rate adjustment calculations. The \$65 rate will be used for July 1 through December 30.

The expectation is that if CONTRACTOR was awarded this CONTRACT based on a bid price for a certain facility, that facility or a less expensive one is to be continued to be used for the term of CONTRACT. CONTRACTOR can petition Director for a change to a more expensive facility for unusual circumstances, such as a facility closure or

significant environmental benefit.

The annual cost is the difference of:

- Average monthly fee during the current Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that year, and
- Average monthly fee during the prior Calendar Year multiplied by the actual tons reported (see Item A1 of Section 10) for that year.

The above annual cost is divided by the number of Customers on March 1 of the current year and then divided by 12 months to determine the monthly component for Refuse Disposal, Organic Waste Diversion, and Manure Diversion.

1. Facilities Open to Public

The Refuse Disposal, Organic Waste Diversion, and Manure Diversion components of the Service Fees will be adjusted by the percent change, if any, between the monthly average fee for the year for Refuse Disposal, Organic Waste Diversion, and Manure Diversion for the previous two years.

2. Facilities Not Open to Public

The Refuse Disposal, Organic Waste Diversion, and Manure Diversion components of the Service Fees will be adjusted by the percent change, if any, between the monthly average fee for Refuse Disposal, Organic Waste Diversion, and Manure Diversion for the previous two years.

CONTRACTOR must substantiate to the satisfaction of Director changes in tipping fees CONTRACTOR is paying at the Solid Waste Facility by submitting before March 1, monthly invoices from the Solid Waste Facility, showing the total Tons and rate paid for Disposal/Diversion.

- If CONTRACTOR owns the Solid Waste Facility, it must show the posted gate rate paid by the public that has no financial agreement with CONTRACTOR, by contract or letter-of-agreement, unless there is no posted gate rate.
- If CONTRACTOR owns the Solid Waste Facility but has no posted gate rate, CONTRACTOR must substantiate changes in tipping fees by submitting other documentation acceptable to Director.

For example, CONTRACTOR may own the Solid Waste Facility it designated for Disposal and consequently internalize Disposal costs at the Solid Waste Facility. The costs must be adequately explained. If CONTRACTOR does not substantiate to the satisfaction of Director that CONTRACTOR is experiencing that change in tipping fees, the Disposal/Diversion Component will not be adjusted.

IN WITNESS WHEREOF, the COUNTY has, by order of its Board of Supervisors, caused these presents to be subscribed by the Director of Public Works, and the CONTRACTOR has subscribed its name by and through its duly authorized officers, as of the day, month, and year first written above.
