Engineering Studies : County Floodway Revision If you seek a revision to the County floodway map as part of your project, select this plan type to submit and obtain approval to modify the County floodway map.
Engineering Studies : Geotechnical Study If the County requires a geotechnical study as part of your project, select this Apply plan type to submit and obtain approval for the geotechnical study. Categories Main Menu
Engineering Studies : Hydrology Study If the County requires a hydrology study as part of your project, select this plan type to submit and obtain approval for the hydrology study.

Step 3: You can add project location by searching the address of project site or Parcel Number (APN #). Please make sure the parcel number match the address of project site.

Note: If the project site consists of multiple lots, please repeat Step 3 to add all of them in this section.
